

MaineDOT Product Evaluation Flow Chart

*AASHTO's National Transportation Product Evaluation Program (NTPEP), provides quality and responsive engineering for the testing and evaluation of products, materials, and devices that are commonly used by the AASHTO Member Departments of Transportation.

**AASHTO's Product Evaluation Listing (APEL), maintains a database of propriety products utilized in the transportation infrastructure. The member agencies contribute to the database from their experience with the performance of proprietary products which is shared within the APEL community.
